Librarian's Report for 1937

Book circulation by months: January 456, February 458, March 572, April 455, May 427, June 443, July 461, August 461, September 322, October 428, November 468, December 452. Total for the year, 5,378, an increase of 252 over last year.

Non-resident cards	$ .75
Overdue book fines	2.26
Total received at desk	$3.01
Paid out	
Oilcloth for table	$ .43
Magazine	.05
Subscription to Needlecraft	.50
Postage	.77
	$1.75
Balance in desk bank	$1.26

Postage on books to state library and to the state library commission $323. For this amount we have had the benefit of about 105 books, including both adult and juvenile reading.

The library subscribes for the following magazines: American Magazine, American Boy, American Girl, Atlantic Monthly, Child Life, Literary Digest, National Geographic Magazine, Needlecraft, Readers Digest, Yankee Magazine, Nature, Better Homes and Gardens, Country Gentleman.

The library has been given the following magazines: New Hampshire Troubador, Our Dumb Animals, Red Book, McCall's, The Watchman, Farm Journal, Wo-

man's Home Companion, and single copies of various magazines.

One hundred fifty-five books, (six of them gifts) have been added this year.

Forty-five old books rebound and made in good readable condition.

New librarian's desk adds much to the looks as well as convenience of the room.

A gift of curios and minerals are on exhibit, and we plan to have them classified and displayed to better advantage as soon as possible. Other exhibits this fall and winter have been the Crown Rayon Mills "from tree to fabric" and "Fabrics Made of Glass", "Corning Glass Works", "How Book Bindings Are Woven from Raw Cotton", "Holliston Mills".

We wish to thank Rev. George Thomas, Mrs. Agnes Little, Mrs. H. S. Smith and Mrs Jean Burrill for their gifts of books and magazines.

The librarian attended the annual meeting of the New Hampshire Library association at New London, N. H., Sept. 9 to 11, and with Mrs. Agnes Little (one of the board of trustees) attended the district meeting at Littleton in October.

Much valuable information regarding library work and popular books is obtained at these meetings.

Remember your town reports for the past five years have had lists of the books in them, so if you are not able to get to the library, or the branch, consult these lists. A penny post card to either librarian with your wants will bring results or if you have a book that you would like renewed, one cent will save you money.

Mrs. Little spent some time reading the book shelves this summer and as a result of her work it is interesting to know that during the 40 years that the library has lived only 90 books were unaccounted for. Of

these we know most of them were worn out and discarded.

At the present time there are a few over 3,000 books on the shelves.

Use your library. It is not only a source of entertainment, but a means of adult education.

Jane E. Pratt, Librarian

Since the report of last year more books for the school library and a number of sets of new textbooks for the different classes have been purchased. The interior of the building has been repainted and a small house for ashes has been built next to the furnace room entrance. The building is in such excellent condition, it will probably require but few repairs this coming summer. We should, however, plan to continue adding to the library and to the general equipment. The motion picture machine has made possible the introduction of a great deal of instructive and interesting material. With the increasing number of educational and cultural broadcasts, now on the air, a radio would often add valuable material to the regular lessons.

So many parents and friends attend the special school exercises, it is hardly necessary to speak at length upon these activities. It does seem appropri-

ate to commend the artistic and well rendered Christmas exercises, and the work of the boys and girls whose faithful practice has made possible the recitals and concerts.

Respectfully submitted,

EDWARD A. JANES.
